CALIFORNIA ARBORETUM FOUNDATION LECTURE SERIES

"REPORT ON INDIA"

Friday, March 26, 1965

Climaxing the Arboretum winter lecture series, Director William S. Stewart will give his "Report On India" on Friday evening, March 26th at eight o'clock. Dr. Stewart has just returned from a five-month term as Fulbright Lecturer at Balwant Rajput College. He and his family lived in the faculty colony in the country about eight miles from Agra. They spent frequent vacation periods on plant-collecting trips through the Himalayas and visiting Botanical Gardens throughout India and Ceylon.

In addition to lecturing at various institutions on Botany and Plant Physiology, Dr. Stewart served as adviser to the new college Botanical Garden and as consultant on the expansion of the promising citrus industry of the region. "Fascinating, colorful, and completely different" is the way he describes his experiences.

The meeting will be held in the Lecture Hall where colored slides will be shown, not only of botanical subjects but also views reflecting rural and city life of India and particularly the many moods of the magnificent Taj Mahal in Agra.

Because of the wide interest in this lecture, we suggest that you return the reservation slip promptly. For further information call us at 447-8207.

NEW MOCKEL CARDS

The Foundation Book Shop is now featuring sixteen different Floral Correspondence Cards by the noted desert artist of Twenty-Nine Palms, Mr. Henry Mockel. These cards are especially suitable, either imprinted or not, for Christmas greetings and should be ordered as soon as possible to assure delivery in ample time before the holiday season.

An appropriate Christmas greeting and name imprinted upon request. Allow three weeks for delivery.

The Mockel cards have been very popular for use as notes or general correspondence. Cards may be purchased in an assortment of twelve for $1.56, including tax. Quantities of 100, assorted or single subject, $13.00, including tax.

FOUNDATION "PEACOCK PAVILION"

Have you seen the scale model of the proposed Foundation "Peacock Pavilion" at the entranceway of the Arboretum? A glass-enclosed eating facility with view of the Entranceway or mountains, as well as an ample Book Shop with adjoining Foundation offices will constitute this building. A donation box, gifts from members and fund raising events have helped to increase the funds needed to reach the goal set before construction can begin. The Benefit Luncheon Card Party in July sponsored by the Special Events Committee and chairmaned by Mrs. Donald Lunoe, added $400.00 to this fund.
